Corn Oil

Catalog No.C12135 Batch:C1213503

Product Datasheet

Technical Data

Formula			
Molecular Weight		**CAS No.**	8001-30-7
Solubility (25°C)*	In vitro		

* <1 mg/ml means slightly soluble or insoluble.
* Please note that Capsid Bio tests the solubility of all compounds in-house, and the actual solubility may differ slightly from published values. This is normal and is due to slight batch-to-batch variations.
* Room temperature shipping (Stability testing shows this product can be shipped at 2-8°C for storage purposes.)

Biological Activity

Description	Corn oil is a refined vegetable oil used as a delivery vehicle for fat-soluble compounds, including toxins. It is also used in the delivery of tamoxifen (TAM) in mice, curcumin in rats, and [3H]retinol in mice.
In vivo	Corn oil is commonly used as a feed additive or a delivery vehicle for lipophilic substances In an animal research setting.[1]
Density	0.900 g/mL at 20 °C

RETURN POLICY

Capsid Bio's Unconditional Return Policy ensures a smooth online shopping experience for our customers. If you are in any way unsatisfied with your purchase, you may return any item(s) within 7 days of receiving it. In the event of product quality issues, either protocol related or product related problems, you may return any item(s) within 365 days from the original purchase date. Please follow the instructions below when returning products.

SHIPPING & STORAGE

Capsid Bio products are transported at room temperature. If you receive the product at room temperature, please rest assured, the Capsid Bio Quality Inspection Department has conducted experiments to verify that the normal temperature placement of one month will not affect the biological activity of powder products. After collecting, please store the product according to the requirements described in the datasheet. Most Capsid Bio products are stable under the recommended conditions.

NOT FOR HUMAN, VETERINARY DIAGNOSTIC OR THERAPEUTIC USE.
